### Cylinder 3 Misfire Nightmare | DODGE RAM FORUM

We have a 2006 Dodge Ram 1500 with the 5.7 Hemi. The initial complaint was intermittent popping (intake area) and misfire. We scanned the vehicle and got the same code. We tested coils and found that number 4 coil was questionable. Due to the mileage (160,000) we replaced all 8 coils and 16 spark plugs. The problem was not cured.
