Babylonian astrology is the earliest recorded organized system of astrology, arising in the 2nd millennium BC. There is speculation that astrology of some form appeared in the Sumerian period in the 3rd millennium BC, but the isolated references to ancient celestial omens dated to this period are not considered sufficient evidence to demonstrate an integrated theory of astrology.

History has witnessed the coming and going of many great civilisations. Through its long history, the Hindu civilisation has endured numerous attacks and attempts at its destruction. However, it has also produced a long line of heroes and warriors to rise up and protect their motherland from the fate of every other ancient civilisation.
